626.568.3665 /// [www.pmcaonline.org](http://www.pmcaonline.org)

FREE ADMISSION ALL DAY

---

This program is part of the AxS Festival 2011 FIRE and WATER,  
produced by the Pasadena Arts Council, Pasadena | City of Art+Science.

The program is supported by JPL, Xerox Corporation, Union Bank,  
Castle Press, Cass & Johansing, and the Rotary Club of Pasadena.

 UnionBank  xerox 

## SCHEDULE

Activities will be ongoing throughout the day.  
See description of specific activities below.

12:00–5:00 pm

### ACTIVITIES ON THE TERRACE

#### PLANET PICTURES

Create your own representation of a planet's surface texture!

#### JUNO GLITTER TATTOOS

Celebrate NASA's Juno mission with colorful, temporary tattoos!

#### EYES ON THE SOLAR SYSTEM

Check out NASA's latest Web-based 3D interactive!

1:00–1:45 pm

### ASK A SCIENTIST

(Presentation, Discussion, Q & A with Juno Scientist Steve Levin from JPL)

### ASK AN ARTIST

(Presentation, Discussion, Q & A with Artist Dan Goods)

### ICE AND WATER IN THE SOLAR SYSTEM

(Image/Slide Presentation by Kevin Hand, Planetary Scientist & Astrobiologist)

2:00 pm

### DEMO: MAKE A COMET

See what comets (and perhaps the core of Jupiter) are made of!

3:00–3:45 pm

### ASK A SCIENTIST

(Presentation, Discussion, Q & A with Juno Scientist Steve Levin from JPL)

### ASK AN ARTIST

(Presentation, Discussion, Q & A with Artist Dan Goods)

### ICE AND WATER IN THE SOLAR SYSTEM

(Image/Slide Presentation by Kevin Hand, Planetary Scientist & Astrobiologist)

4:00 pm

### DEMO: MAKE A COMET

See what comets (and perhaps the core of Jupiter) are made of!

4:30 pm

Emptying of Dan Goods' installation,  
*Beneath the Surface*, to see how it was made!
